**IRCP3080**

Image Sensor	1/4" CMOS
Resolution	420 Lines
Lens	6.0 mm @ F2.0
Effective Pixels	656(H) x 492(V)
Min. Illumination	0.1 LUX (LED on) / 3.0 LUX (LED off)
Field of View	60° ± 5°
Electric Shutter	1/60s - 1/10,000s
Operating Temperature	-10°C ~ 45°C (14°F ~ 113°F)
LED Quantity	8 pcs (@ 5mm)
IR Range	15 ft / 5 m (optimal conditions)
IP Rating	IP67
Power Requirement	12V dc
Current Consumption	180 mA

# IRCP3080

Miniature Indoor / Outdoor Color Security Camera with 8 LEDs

**Brilliant Picture**

Pro performance CMOS image sensor provides outstanding picture quality in digital formats such as LCD or DVR

**Day / Night Vision**

Picture automatically turns to B/W under low light conditions for illuminated viewing up to 15 ft powered by 8 high intensity LED's

**Weather Resistant**

Heavy-duty construction with aluminum housing provides IP67 protection against rain, dust and moisture

**Miniature Design**

Compact design for a low profile

**Sunshade Visor**

Anti-glare sunshade is included for shielding light

**Easy to Install**

BNC termination - can be connected to a DVR, TV, LCD or Computer with RCA input

**Complete Kit**

Complete security camera system includes a 60 ft Video / Power cable, Mounting bracket, and Power Supply

## Product Applications
